TAVOLINI | SMALL TABLES

by Fabio Crippa & Joe Gentile

I tavolini a tre gambe nascono dall'idea concettuale di leggerezza conferita dalla lavorazione dei masselli delle gambe e del piano intarsiato a sezione ellittica. Il pianetto intermedio è unito alle gambe quasi fosse una ramificazione del tronco e dona una continuità armonica e naturale al dettaglio.

The three-legged tables are born from the concept of lightness given by the processing of the solid wood of the legs and the inlaid top with an elliptical section. The intermediate shelf is joined to the legs almost as if it were a branching of the trunk, and lends an harmonic and natural continuity to the piece.
