

IL CEDRO

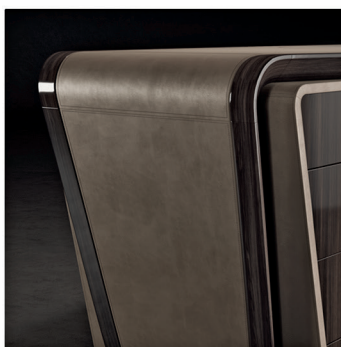

SCRIVANIA | DESK

by Fabio Crippa & Joe Gentile

Il disegno del piano attraverso le sue curve si sviluppa come una superficie continua in cui si inserisce, protetta, la cassetteria. Il "dente" in testa offre l'appoggio necessario alla struttura e ne garantisce la stabilità. Come per un vero ofide, il piano è rivestito completamente in pelle e le fasce laterali più scure ne esaltano la silhouette. La scrivania rappresenta un prodotto di punta nel panorama degli arredi d'ufficio presidenziali.

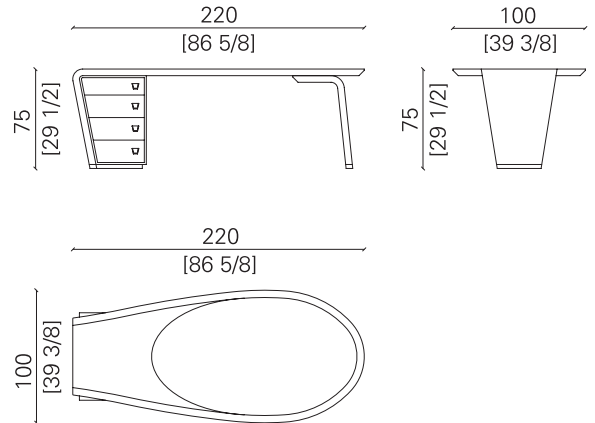

The curves of the desktop design allow it to develop as a continuous surface, into which the drawer unit is inserted, protected. The "tooth" on the right offers the necessary support to the structure and guarantees its stability. Looking like an ophidian, the surface is completely upholstered in leather and the darker edging accentuates its contours. The desk is one of the flagship products in the executive office furnishing range.
