LIBRERIA | BOOKCASE

by Fabio Crippa & Joe Gentile

La bifaccialità degli elementi permette di dividere gli ambienti, mantenendo altresì una certa continuità estetica con i complementi e i mobili presenti nell'arredo. Con questo prodotto, che ricorda il gioco della Dama, si possono comporre delle scenografie e degli effetti volumetrici flessibili e sempre diversi. La raggiatura dei masselli sugli angoli e l'utilizzo di essenze ricercate arricchiscono il valore artigianale del manufatto. Gli inserti in ottone regalano degli effetti di luce che suggeriscono ancora di più la condizione di leggerezza della struttura. La libreria può trasformarsi in contenitore attraverso l'inserimento di box con antine, finemente lavorate e arricchite con pelli preziose. I box sono stati progettati per essere anch'essi bifacciali e mantenere una coerenza progettuale con la libreria.

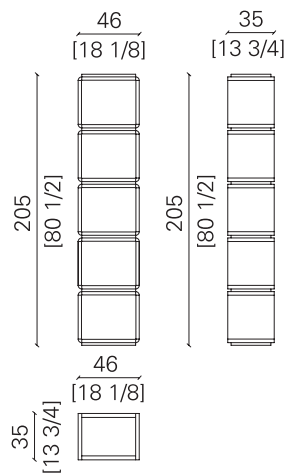

Because of its two-sided structure, this bookcase can be used as a room divider, while also maintaining aesthetic continuity with the accessories and the furniture included in the interior design. This piece, which recalls the game of checkers, can be used to compose settings and flexible and ever-changing volumetric effects. The wood corner fillets and the use of fine woods enrich its craftsmanship value. The brass inlays bestow lighting effects that further enhance a suggestion of lightness. The bookcase can double as a container through the inclusion of boxes with door panels, finely crafted and enriched with precious leather cladding. The boxes were conceived to be double-sided and to maintain continuity with the overall bookcase design..
