LA QUERCIA

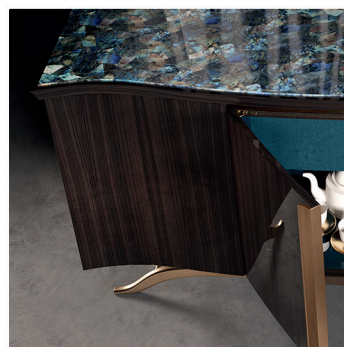

CREDENZA | SIDEBOARD

by Fabio Crippa & Joe Gentile

La forma a onda dell'intero corpo centrale conferisce alla credenza un moto che proietta le sue linee oltre l'orizzonte del piano e diventa un unicum con l'ambiente circostante. L'utilizzo di materiali nobili come Palissandro, Erable blu, fusioni di bronzo e pietre semipreziose concorre a una esperienza emotiva unica. L'Erable blu viene esaltato grazie all'illuminazione dei due "scrigni bar" laterali. L'intero corpo della credenza poggia su un basamento in fusione di bronzo. Le lunghe maniglie sulle ante centrali conferiscono una unicità di linguaggio assoluta. Infine il top è esaltato dall'incastonatura della Labradorite su tutta la superficie del piano. La caratteristica principale di questo splendido materiale è il fenomeno ottico della labradorescenza, che si presenta come uno scintillio di una varietà di colori tipici di molte culture orientali.

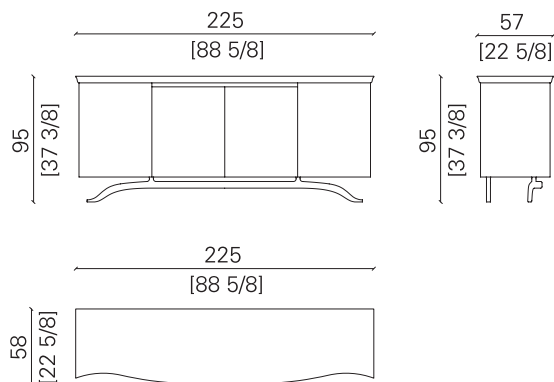

The waveform of the entire central body endows this sideboard with a motion that projects its lines beyond the horizon of the surface and becomes one with the surrounding room. The use of such noble materials as Rosewood, Blue Erable, bronze castings, and semi-precious stones contributes to an emotional unique experience. The cabinet doors, with their unusual corner opening, enhance the wonder. The entire body of the sideboard rests on a cast bronze base. The long handles on the central doors endow the sideboard with an absolute indivisibility of language. Finally, the entire top surface is enhanced by the inlaid Labradorite. The primary characteristic of this splendid material is the optical phenomenon of Labradorescence, which appears as shimmering of various colors typical of many Eastern cultures.
