L'AGRIFOGLIO

SEDIA | CHAIR

by Fabio Crippa & Joe Gentile

Questa sedia coniuga la maestria della lavorazione del legno con l'artigianalità della lavorazione della pelle. Le forme morbide e avvolgenti conferiscono alla seduta una armonia e una sensualità che la rendono piacevole alla vista e al tatto tipica degli interni del car design più lussuoso. La lavorazione del pellame è ottenuta attraverso una sorta di incastonatura nella struttura lignea che ne viene avvolta creando una vera e propria seconda pelle. Nella versione con il bronzo, si arricchisce attraverso l'inserimento di un dettaglio in bronzo del bracciolo.

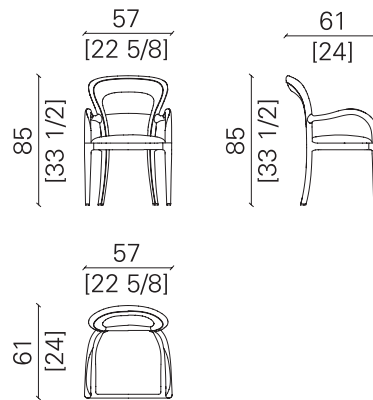

This chair combines fine woodworking skills with the craftsmanship of leather processing. The soft and enveloping forms lend the seat an harmony and a sensuality that make it pleasing to the eye and to the touch, as is typical of the interiors of the most luxurious car designs. The leatherwork was done by means of a sort of inlay technique, wrapping the leather around the wood framework, creating an actual second skin. In the bronze version, the chair is enriched through the inclusion of a bronze detail in the armrest.
